

## ACKNOWLEDGEMENT

### The research programme

The “Developing a Tool Kit for Knowledge Integration: Envisioning Buildings-as-Energy-Service” is supported by The Transforming Construction Network Plus which is funded by UK Research and Innovation through the Industrial Strategy Challenge Fund. The N+ unites construction’s academic and industrial communities to create a new research and knowledge base, dedicated to addressing the systemic problems holding back the sector. The N+ is a joint project between UCL, Imperial College London and WMG, University of Warwick.
