Namur, Belgium

Springer Science+Business Media, LLC

Proceedings of a NATO Advanced Study Institute on
Quantum Metrology and Fundamental Physical Constants,
held November 16-28, 1981,
in Erice, Sicily, Italy

ISBN 978-1-4899-2147-5 ISBN 978-1-4899-2145-1 (eBook)
DOI 10.1007/978-1-4899-2145-1

Library of Congress Cataloging in Publication Data

NATO Advanced Study Institute on Quantum Metrology and Fundamental Physical Constants (1981: Erice, Italy) Quantum metrology and fundamental physical constants.

(NATO advanced science institutes series. Series B, Physics, v. 98)
"Proceedings of a NATO Advanced Study Institute on Quantum Metrology and Fundamental Physical Constants, held November 16-28, 1981, in Erice, Sicily, Italy"—Verso t.p.
"Published in cooperation with NATO Scientific Affairs Division."
Bibliography: p.
Includes index.
1. Physical measurements—Congresses. 2. Quantum theory—Congresses. I. Cutler, Paul H. (Paul Henry). 1926- . II. Lucas, Amand A. III. North Atlantic Organization. Scientific Affairs Division. IV. Title. V. Series.
QC39.N36 1981 530.8 83-9570
ISBN 978-1-4899-2147-5

Originally published by Plenum Press, New York in 1983
Softcover reprint of the hardcover 1st edition 1983

CONTENTS

Section I - Introduction

Historical Review. . . . . 1
P. Giacomo

Section II
Basic Physics of Time, Frequency and Length
Measurements and Standards

Basic Quantum Mechanics of Atomic Structures and Transitions. 15
G.W. Series

Lineshapes in Nonlinear Spectroscopy. . . . . 61
C.E. Wieman

The Physics of Masers and Lasers. . . . . 77
P. Cerez

Time and Frequency Standards. . . . . 93
P. Cerez

Time Scales - Production and Distribution . . . . . 109
G. Becker

Standards of Length, Wavelength and Optical Frequency . . . . 143
K.M. Baird

Speed of Light, Historical Review to 1972 . . . . . 165
K.M. Baird

Frequency Measurements from the Microwave to the Visible,
the Speed of Light, and the Redefinition of the Meter . 181
K.M. Evenson

Section III
Classical and Quantum Physics of Electrical Measurements and Standards

Basis of Precision Electrical Metrology. . . . . 209
V. Kose

Precision Measurements of High Magnetic Fields and High Voltages . . . . . 221
V. Kose, L. Rahf and J.D. Sievert

Cryogenic Electrical Metrology . . . . . 235
V. Kose

Quantized Hall Resistance and the Realization of the SI ohm. . 249
L. Bliek and V. Kose

Basic Physics of Superconductivity and Josephson Effects . . . 269
S. Ramesh

Quantum Metrology and Electrical Standards: The Measurements of 2e/h and $\gamma_p'$ . . . . . 293
B.W. Petley

Quantum Electrodynamics and Its Predictions. . . . . 313
T. Kinoshita

Section IV
The Fundamental Constants of Physics

The Significance of the Fundamental Constants. . . . . 333
B.W. Petley

Applications of New Absolute Measurements of x-rays and $\gamma$-rays . . . . . 353
R.D. Deslattes

Extension of the Congruent Electromagnetic Scale to $\gamma$-rays . . . . . 365
R.D. Deslattes

Precision Measurements of Some Fundamental Constants: $\mu_p'/\mu_N$, $\mu_p'/\mu_B$, $g_p'/g_j(H)$, $g_j(H)/g_e$, $m_p/m_e$ and g-2. . . . . 383
B.W. Petley

Laser Spectroscopy of Hydrogen and the Measurement of Fundamental Constants. . . . . 403
C.E. Wieman

High Precision Test of QED and Determination of α . . . . . .423
T. Kinoshita

Section V
Metrological Applications

Metrological Applications to Geoscience and Astrophysics . . . 443
B. Bertotti

Time and Frequency Applications to Technology and Science. . . 473
S. Leschiutta

Section VI
Summary and Future Prospects

The Status of the Fundamental Constants. . . . . 499
E. Richard Cohen

The Seminars

Electron Tunneling Theory and Non-Linear Transport
in Junctions and Microstructures . . . . . 529
T.E. Feuchtwang, P.H. Cutler, N.M. Miskovsky and
A.A. Lucas

Period Doubling and Chaos in Josephson Junctions and
Other Phase-Locked Loops . . . . . 575
R.W. Henry

Electrons in Two Dimensional Disordered Systems in an
External Magnetic Field. . . . . 585
B. Kramer

Superconducting Memories Using Single-Flux-Quantum
Josephson Cells. . . . . 599
P. Guéret

SQUIDS in Josephson Logic Circuits . . . . . 601
H. Jäckel

Parity and Time Reversal Symmetry Violations in Atoms
and Molecules. . . . . 603
G.L. Greene

Randomization of Systematic Errors and Its Consequences
for the Evaluation of Measurements . . . . . 613
W. Wöger

On the Expression of Uncertainties. . . . . .623
P. Giacomo

Comments and Other Contributions. . . . . .631
C. Egidi

Photograph and Identification of Participants . . . . . .647

Participants. . . . . .649

Index . . . . . .655
