

LEONARD SUSSKIND
AND ART FRIEDMAN

Quantum Mechanics
The Theoretical Minimum

PENGUIN BOOKS

Contents

Preface

Prologue

Introduction

1. Systems and Experiments

2. Quantum States

3. Principles of Quantum Mechanics

4. Time and Change

5. Uncertainty and Time Dependence

6. Combining Systems: Entanglement

7. More on Entanglement

8. Particles and Waves

9. Particle Dynamics

10. The Harmonic Oscillator

Appendix
