

History of Mathematics  
Volume 11

# Poincaré and the Three Body Problem

*June Barrow-Green*

American Mathematical Society  
London Mathematical Society

# Contents

Acknowledgements	xi
Photograph and Figure Credits	xiii
Chapter 1. Introduction	1
Chapter 2. Historical Background	7
2.1. Introduction	7
2.2. Mathematical description of the three body problem	8
2.3. History of the three body problem	14
Chapter 3. Poincaré's Work before 1889	29
3.1. Introduction	29
3.2. The qualitative theory of differential equations	29
3.3. Celestial mechanics and the three body problem	41
3.4. Other papers	44
Chapter 4. Oscar II's 60th Birthday Competition	49
4.1. Introduction	49
4.2. Organisation of the competition	51
4.3. Kronecker's criticism	59
4.4. The entries in the competition	61
4.5. Judging the entries	63
4.6. The announcement of the result	65
4.7. Discovery of the error	67
4.8. Publication of the winning entries	69
Chapter 5. Poincaré's Memoir on the Three Body Problem	71
5.1. Introduction	71
5.2. Tables of contents	72
5.3. Poincaré's introductions	73
5.4. General properties of differential equations	75
5.5. Theory of invariant integrals	83
5.6. Theory of periodic solutions	91
5.7. Study of the case with two degrees of freedom	104
5.8. Study of asymptotic surfaces	108
5.9. Further results	122
5.10. Attempts at generalisation	130
Chapter 6. Reception of Poincaré's Memoir	133
6.1. Introduction	133

6.2. The views of the prize commission	133
6.3. Gylgén	139
6.4. Minkowski	143
6.5. Hill	143
6.6. Whittaker	146
6.7. Other commentators	147
Chapter 7. Poincaré's Related Work after 1889	151
7.1. Introduction	151
7.2. "Les Méthodes Nouvelles de la Mécanique Céleste"	151
7.3. The three body problem and celestial mechanics	164
7.4. General dynamics and "The Last Geometric Theorem"	167
Chapter 8. Associated Mathematical Activity	175
8.1. Introduction	175
8.2. Stability	177
8.3. Singularities and regularisation	182
8.4. Numerical investigations into periodic solutions	193
Chapter 9. Hadamard and Birkhoff	199
9.1. Introduction	199
9.2. Hadamard and geodesics	201
9.3. Birkhoff and dynamical systems	209
Chapter 10. Epilogue	219
10.1. Introduction	219
10.2. Morse	222
10.3. KAM theory	223
Appendix 1. A letter from Gösta Mittag-Leffler to Sonya Kovalevskaya	227
Appendix 2. Announcement of the Oscar Competition	229
Appendix 3. Entries received in the Oscar Competition	233
Appendix 4. Report of the Prize Commission	237
Appendix 5. Title Pages and Tables of Contents	239
5.1. Poincaré's Unpublished Memoir	240
5.2. Poincaré's Published Memoir	243
Appendix 6. Theorems in [P1] not included in [P2]	247
References	249
