

## List of Contents

1. Introduction .....	1
2. Cyclic elements in locally connected continua .....	5
3. T-sets in locally connected continua .....	14
4. T-maps, T-approximations and continuous images of arcs .....	20
5. Inverse sequences of images of arcs .....	24
6. 1-dimensional continuous images of arcs .....	31
7. Totally regular continua .....	45
8. Monotone images .....	61
9. $\sigma$ -directed inverse limits .....	73
References .....	77
